

Call for the Future Medicine Science Pitch

Are you a physician, health care expert, researcher or engineer developing AI for medical progress? Does your project have to go out into the world? Is your development work ripe for translation to medicine?

Then apply now with your project for the Future Medicine Science Pitch until 11 October 2020!

At the Future Medicine Science Match 2020, you get the chance to introduce yourself (and your project) to the international congress community.

If your idea is selected, you can convince the audience of your idea with a short video. In three categories, six talents each will also have the opportunity to present their work live to the science community and decision-makers at the Science Match Digital Edition on 7 November 2020. Five of the talents will be chosen by a top-class science jury; the sixth will be voted by audience.

Categories

- AI and Decision Making in Medicine
- AI and Basic Medical Research
- AI and SARS-CoV-2/COVID-19

The Jury

- Prof. Petra Ritter, BIH Johanna Quandt Professor for Brain Simulation | Berlin Institute of Health (BIH) and Charité – Universitätsmedizin Berlin
- Dr. Roland Schwarz, Group Leader Evolutionary and Cancer Genomics | Berlin Institute for Medical Systems Biology (BIMSB), Max Delbrück Center for Molecular Medicine in the Helmholtz Association (MDC)
- Prof. Sylvia Thun, Director Core Unit eHealth and Interoperability (CEI) | Berlin Institute of Health (BIH) and Charité – Universitätsmedizin Berlin

About Future Medicine Science Match

At the Future Medicine Science Match on 7 November 2020, Berlin's leading newspaper Der Tagesspiegel and the Berlin Institute of Health (BIH), together with Charité – Universitätsmedizin Berlin and Max Delbrück Center for Molecular Medicine in the Helmholtz Association (MDC), bring together the most innovative scientists and international research organizations.

This year's focus: ARTIFICIAL INTELLIGENCE IN TRANSLATIONAL MEDICINE

Call for the Future Medicine Science Pitch - FAQ

Application for the Future Medicine Science Pitch

Please send us your idea related to artificial intelligence in translational medicine by submitting your short abstract until 11 October 2020.

Where to apply?

Find the application requirements and the online application form [here](#).

Who can apply?

Physicians, health care experts, researchers, developers, engineers with projects involving artificial intelligence in translational medicine

Prerequisites

- The submitting applicant is at least 18 years old.
- The idea will be pitched in a 3-minute video (in English).
- The applicant can only submit one project, either alone or as a team.
- By submitting the application, the applicant guarantees to be the owner of all rights necessary for the project.
- The applicant confirms that he or she can be available at the time of the event (digital or present at the Berlin Tagesspiegel Studio).

Documents to be submitted

- Completed online application form including your short abstract (max. 500 words) via [BIH website](#)
- Deadline for submission of short abstracts: 11 October 2020
